

Ideas and Innovations: Review of the Health Professions Education Literature

The Panelists:

David Asprey, University of Iowa

Bettie Coplan, Northern Arizona University

Rosana Gonzalez-Colaso, Yale University

Kevin Schuer, University of Kentucky

Alexandria Garino, facilitator, Yale University

PAEA 2015 Education Forum

Session Objectives

At the end of this presentation, the PA educator will:

- Learn about educational ideas and innovations that can influence PA education
- Discuss the most intriguing articles identified in a review of the health professions education literature
- Identify ideas to inspire teaching and research endeavors

Judy Spak, MLS

Curriculum Services Librarian

Librarian for:

- Yale Physician Associate Program
- YSM Office of Education
- Teaching and Learning Center
- Medical Education Fellows Program
- Personal Librarian Program at YSM
