

Session Number: 0598-000345

Session Title: Tragically HIP(AA)—
Identification, Management and
Prevention of Student Violations

Elana A. Min, PhD, PA-C

Regina Chen, MS, PA-C, L.Ac., Dipl.CH

PAEA EDUCATION FORUM 2015

November 11–15 • Washington, DC

Educational Goals and Objectives

- Identify commonly missed HIPAA violations.
- Discuss both traditional and novel approaches to training students in HIPAA violations
- Discuss appropriate programmatic actions taken for breaches in HIPAA.
- Identify specific strategies for prevention of HIPAA violations.

Quiz Time! Violation or no violation?

THE UNFORTUNATE CASE OF JAMES D.

Let's Work

Group #1: Current HIPAA training modalities and outcomes

- What are your programs Currently doing for training
- What are your thoughts on your outcomes?

Group #2: Programmatic action taken for student breaches in HIPAA

- Have your programs had HIPAA breaches
- If so, what have your actions been?

Group #3: Prevention strategies for the reduction of HIPAA violations

- Have your programs implemented any specific programs to prevent HIPAA violations?
- Which interventions do you feel may be useful for prevention of HIPAA violations?

Group #1: Current HIPAA training modalities and outcomes

What are your programs Currently doing for training

What are your thoughts on your outcomes?

Group #2: Programmatic action taken for student breaches in HIPAA

*Have your programs had HIPAA breaches
--If so, what have your actions been?*

Group #3: Prevention strategies for the reduction of HIPAA violations

Have your programs implemented any specific programs to prevent HIPAA violations?

Which interventions do you feel may be useful for prevention of HIPAA violations?

Let's Summarize

- What did we learn?
- What can we Share?
- Where do we go from here?
